

Tayo Akosile

I am a Full-Stack JavaScript Developer with 4+ years of experience building scalable web applications and enterprise solutions. Skilled in React, Next.js, TypeScript, and Node.js, I have delivered projects for organizations in Nigeria, the UK, and the USA. Beyond coding, I bring leadership experience as Vice President of JCI FUOYE and a passion for teaching coding to young people. My goal is to create impactful solutions that enhance user experience and drive business growth.

Pharmachain.ng

Oct 2022 - Jul 2023

www.pharmachain.ng

As Lead Frontend Developer, I spearheaded the creation of a Health Company website for Pharmachain Technologies Ltd. The platform connects users with licensed Pharmaceutical outlets for product access. By utilizing HTML, CSS, React.JS, Chakra.UI, and Next.Js, I ensured a seamless and visually appealing user experience. The site offers general referrals, product requests, and delivery services. Key pages include HOME, PARTNER WITH PHARMACHAIN, and Contact Pharmachain. This experience highlights my expertise in frontend development and proficiency in cutting-edge web technologies.

Elizabeth Yusuf

Jul 2023 - Jul 2023

www.elizabethyusufthewriter.com

Developed a website for author Elizabeth Yusuf to showcase her published books. The website features three key pages: Home, About, and Blog. The Home page highlights her latest books, the About page offers insights into her background, and the Blog page provides updates and insights on her literary journey. This project demonstrates my ability to create author-focused websites that blend design and functionality seamlessly.

Merin Studio

Sep 2022 - Nov 2022

merin-studio.vercel.app

I transformed Merin's design agency vision into a captivating website, reflecting their user-centric ethos. Employing JavaScript, HTML, CSS, Next.js, React, and Chakra UI, I crafted three engaging sections: a portfolio showcasing impactful projects, a mission-driven "About Us," and a user-friendly "Services" section. Seamlessly integrating technology and design, I elevated functionality and aesthetic appeal, contributing to Merin's online success and demonstrating my proficiency in web development.
